PRODUCTION NOTES

No alcohol is to be consumed throughout the duration of the shoot.

Production Stills:

Mikey Trotter will be responsible for taking Production stills on his personal phone, these should include camera POV angle, wides, some BTS and GVs. Minimum resolution must be 5 megapixels. All stills to be saved in the backup drives or uploaded to Teams at the end of the shoot.

SHOOTING SCHEDULE

TIME	ADDRESS	ACTION	NOTES
13/5/2024 MONDAY		SHOOT WITH KOEN AND OLAF, EXPERTS IN FLOATING CITIES	
0630	12.3 Potgieterstraat, Amsterdam 1053 XW	Lars to meet Mikey at his house and load up equipment	
0640		Mikey and Lars travels to Wageningen	
0745		Tjodi leaves home and travels to Wageningen	
0830	Haagsteeg 2, 6708 PM Wageningen, Netherlands	Call time at Maritime Research Institute Netherlands (MARIN)	There is limited parking space, please see Parking below for nearby parking instructions. Please ask for Serina Jansen-Strik at the reception and she will be there to bring you into the Offshore Basin. Serina will show you the location ahead of set up if you have 10 minutes spare on arrival.
0845	Offshore Basin	Olaf arrives at the Offshore Basin	
0830 – 0900	Offshore Basin	Set up at the Offshore Basin	
0900 – 0930		Film b-roll of Olaf working in the Offshore Basin. It's mainly b-rolls, but if he is going around saying hi to people etc would be good to get the sync. Please get some atmospheric sounds of the waves, operations etc.	They have an adjacent office we could use but Olaf can also walk around the Offshore Basin / monitoring room inspecting things. Would prefer if we film him walking around and doing work than just in an office. The Basin is operating on the day, and you will be able to see waves etc. Note to get Appearance Release Forms signed if anyone else is filmed with Olaf.
0930 – 1015		Set up for Olaf's interview	Ideally with a background seeing the Offshore Basin

1015 – 1045		Film Olaf's interview	
1045 – 1145		Early lunch	MARIN will be arranging lunch to be brought to the Offshore Basin for everyone.
1145 – 1230		Set up for Koen's interview	Suggest to also place Koen's models on the table in the conference room in advance for the model scene later.
1200	12.3 Potgieterstraat, Amsterdam 1053 XW	Koen arrives	
1230 – 1330		Film Koen's sit-down interview	A different background from Olaf please.
1330 – 1415		Set up for actuality scene with Koen and Olaf	Will need to set up: - Laptop/projector with footage of past experiments, provided by MARIN - Any paper/laptop with results from those experiments that Olaf can discuss with Koen - Any prototypes available to place on the table
1415 - 1445		Film actuality scene with Koen and Olaf. Sound required. Koen comes into the Offshore Basin and greets Olaf. Olaf shows him around an operating Basin and points out the various functions to him. They then gather around a projector/laptop where Olaf shares past experiments done there and the results from the experiments. They discuss the results, what it means for floating cities, and why such research is important.	The waves should be on/basin in operation for Olaf to show Koen.
1445		Olaf wraps	
1445 - 1515	Conference Room	Set up for model scene with Koen only	
1515 – 1535	Conference Room	Film model scene with Koen (Koen talking about the models + b-roll of models)	In order of importance: 1. Models of the Maldives Floating City 2. Models that illustrate the City App 3. Map of a city on a delta Here's a video of the Conference Room for reference: https://www.youtube.com/watch?v=icu5kqwztB4

1535 – 1545	https://maps.ap.p.goo.gl/74Si4gxMkYzoB6GE7 (near Jachthaven 1, 6702 DV Wageningen, Netherlands)	Drive to Nederrijn River (7 mins drive). There is parking alongside the river. 	Koen should drive his own car to the river and wrap there. Crew can leave their equipment in the conference room. We have booked it till 17:00.
1545 – 1600	https://maps.ap.p.goo.gl/74Si4gxMkYzoB6GE7	Film b-rolls of Koen at the Nederrijn River (+ drone if time)	
1600		Koen and Tjodi wraps	
1600 – 1645		Tjodi travels back home to Utrecht	
1600 - 1620	https://maps.ap.p.goo.gl/74Si4gxMkYzoB6GE7	Film drone b-roll of the river and any other rivers around – as much about water / sinking cities / any floating buildings as possible	
1620 - 1630	Haagsteeg 2, 6708 PM Wageningen, Netherlands	Travel back to MARIN	
1630 - 1645		Film exterior drone shots of MARIN	
1645 - 1700		Pack up	
1700 - 1830	12.3 Potgieterstraat, Amsterdam 1053 XW	Mikey and Lars travel back to Amsterdam

PARKING INSTRUCTIONS FOR VISITORS TO MARIN

Parking visitors MARIN

Will you be visiting MARIN in Wageningen by car? Parking on our own premises is limited due to the construction of our new Seven Ocean Simulation centre.

On the map above we indicate public parking facilities within walking distance:

- A) Parking lane along the Marijkeweg
- B) Car park of Korfbal Association Wageningen, Marijkeweg 23
- C) Car park Duivendaal

The orange line shows the walking routes to MARIN. As soon as you arrive at the roundabout with the yellow MARIN ship model, MARIN will be on your right after about 200 metres.

Please note, these are public parking facilities, so we cannot reserve parking spaces.
